INSURANCE

Non-Medicaid funded, **AETNA, UHC (United Health Care), & Anthem BCBS** **accepted** for individual clients through [Headway](#), however due to insurance billing policies a **supplemental fee ranging from \$50-\$70** will be applied to individual insurance clients interested in engaging in couple or family therapy services. This fee will not qualify toward your insurance deductible. Please note, this supplemental fee is not applicable to private pay (out-of-pocket) clients. We also provide documents (i.e. Superbills) to assist with monthly client reimbursement for out-of-network private pay clients. If your insurance company provides out-of-network reimbursement benefits, you could be reimbursed for some or all of your upfront private pay session costs.

Before scheduling, check with your insurance company to find out if you have out-of-network coverage, how much they reimburse for out-of-network providers, and how you can file for reimbursement as applicable.
